PROMINENT CITIZENS OF ROFF VISIT ADA

Today Col. John G. James of Roff, was in Ada on business matters. Col. James is a true gentleman of the old Southern school which is so fast passing away. He was educated at the Virginia Military Institute and received such a thorough training that even today there are few better scholars in the state than he. The most important and lasting work accom-

plished in the busy life of this veteran was for the A. & M. college of Texas, of which he was president in the early days of its existence, bringing order out of chaos, making the school what its name implied, and increasing the attendance from forty to several hundred. The appointment as president of the school came to him from his warm friend Gov. Roberts, entirely unsought, and such a position had no special attraction to a man whose ability enabled him to do more in other fields, but feeling that it was a duty he owed the state he assumed the heavy duties involved, and when he had put it on its feet again, he turned it over to others who could carry on the work.

As might be expected of a man of his ripe experience and busy life, Col. James is a most entertaining talker and is at home on almost any subject. He is a citizen of whom any county may well feel proud.

Paved streets are fine as a rule, but when coated over with ice, as they have been today, they have some disadvantages. Horses have had all sorts of trouble and many have slipped and fallen on the smooth surface, which resembled glass.

WEATHERFORD PUTS ONE OVER ADA

LIVELY BASKETBALL GAME WON BY VISITORS—ANOTHER GAME THIS EVENING.

Ada was defeated all right Wednesday evening but she was defeated by one of the best teams in the state of Oklahoma. The Weatherford boys are about the fastest bunch of basket ball players ever seen on a court. Wiley, their coach, is hard to get around in athletic circles, as well as being one of the leading English instructors in the state normals. His team showed thorough training in every department of the game.

The East Central boys put up a plucky fight, making no less than 18 points, but this fell thirty below that of the opponents. Claud McMillan and Swip Donaghey were clearly the stars of the home team. Time after time the big, good natured Indian blocked shots and dribbles of the visitors, keeping the score down as well as he could. In fact, Donaghey was the direct cause of Weatherford's score not being 75 or more.

Claud McMillan was the only home player who was able to find the basket, caging in no less than six of the revolving spheres. Claud was all over the field in spite of his big body. He broke up shots at the goal, tore dribbles into frazzles, and, beyond all, shot practically all the goals Ada got. Had there been a quintette of such as Claud and Maudie, the tale of the game might have been quite different.

Ralph McMillan played fairly good ball, but he would not compare with big "Swip" and "Precious" Claude.

For the visitors Randle, W. was the whole game, very nearly. This one forward made no less than thirty points for his team besides keeping Ada from making several. Powers, who was taken out the last half, was also a star of no small magnitude.

The entire game was free from all squabbling, and was one of the cleanest ever seen on the home court.

These same two teams will meet again tonight, and the East Central

"A Penny Saved is so Much Earned"

What you save is far more important than what you earn. Some people can do with \$25.00 that which others can hardly accomplish with twice as much. One is a prudent and thrifty buyer; the other is reckless and extravagant.

Carelessness in buying, while sometimes unintentional, is due to lack of method, observation, and knowledge.

The best way to buy to the best advantage is through reading the advertisements appearing in THE NEWS every day. They contain the latest and most important merchandising news; they feature the most reliable products; they enable you to buy at the lowest price for which the article can be sold consistent with quality.

Read THE NEWS' advertisements closely and constantly. The habit will save you the not only pennies, but in course of a year will save many dollars for you. "A penny saved is so much earned."

THE MUSKOGEE CONFERENCE

SECRETARY GANTT GIVES SYNOPSIS OF PROCEEDINGS OF GREAT MEETING.

Motto: Prosperity depends on agriculture.

Meeting was called to order by Mr. J. F. Darby, president of the Muskogee Commercial Club, who welcomed the convention to Muskogee and stated to them the reason for which the Conference had been called, viz: The Improvement of Agriculture and Stock Raising along more practical lines.

John Fields, editor Oklahoma Farm Journal advocated diversification in feed stuffs, showing where in latter years, up to last year, Oklahomans had spent millions of dollars for feed stuffs for their stock, through the fact that staple crops in the states where the farmers came from was corn and cotton and this was what they were trying to raise here, but that last year they sent out some 20 odd million dollars worth of farm products. Mr. Fields advocated planting kaffir corn, cane, etc. Diversity, plant what the soil is best adapted to produce. He also touched upon good roads, saying that the looks of a country to the traveler was one of the greatest inducements you could have.

Mr. Moore of the Oklahoma Chamber of Commerce spoke upon the necessity of agricultural development. Stated that we have built good cities, sky-scrapers paved streets, street railways, and that the railroads had put their lines well over the state and that it was necessary now that we look about for something to support them, and that the only thing to look to was the development of our agricultural resources. He pointed out that it was up to the many commercial clubs to get behind rural affairs and help them. The mineral resources of the state last year showed a value of \$44,000,000; crops \$200,000,000. Try in 1913 to make the crop valuation reach \$500,000,000.

Mr. C. S. Avery, Tulsa, Okla.: "We are long on land owners and short on Farmers." It is up to the banker and merchant to spend some of their good time and money to promote good farming.

Mr. Halsell of the well known wholesale grocery firm: "We have got to reorganize business, farming and politics." He made the comparison of farming with scientific methods in his

business, using the fact that he had paid auditors and cost experts, thousands of dollars to systematize his business, show him where he could cut down expenses, and where he could improve different methods of handling his business; so in order to improve our farming methods, we must secure farm experts, government demonstration men, to assist and show our farmers what they can plant, best suited to the climate and land upon which they farm. Teach them means of eradicating pests, etc., which menace their crops.

Mr. H. H. Bell of Muskogee spoke upon "How to occupy our Idle Lands." With carefully selected figures showed where only about 1-5 to 1-3 the lands in Eastern Oklahoma was in cultivation. Advocated the different Commercial Clubs taking an active part in filling in the unoccupied land with desirable farmers, and showing where this had been done in Muskogee County, at less than \$1.00 cost per farmer. That 80 per cent of the land was tilled by renters and to let the landlord help his tenant to better his condition by helping him to plant the proper things.

Warship Starts on Long Cruise.

London, Feb. 6.—The cruiser New Zealand, a gift to the imperial navy from the dominion whose name she bears, departed from Portsmouth today on a cruise of 45,000 miles, during which she will travel around the world. The vessel goes first to New Zealand, where she will remain several months. The return voyage to England will be made by way of Cape Horn, with stops at Vancouver, Panama, the South American ports, the West Indies and Bermuda.

Under the terms of the charter the commissioner of finance is supposed to issue a report of the financial condition of the city every quarter. The last quarter was up January 1, but no report has been issued, so far as we have heard, although five weeks have elapsed. Furthermore, unless it is a very late thing indeed, the commissioners have not yet followed the direction of the charter to adopt a simplified system of accounting. A little thing like the charter does not seem to bother some of the bunch.

Baseball Notes.

George Bell, the former Brooklyn twirler, has signed with the Newark team, of the International League.

Of the eleven recruits who will go on the spring training trip with the Giants nine of the youngsters are pitchers.

In signing Catcher Gonzalez it is said that the Boston Braves have copied the greatest ball player in Cuba.

Manager Joe Tinker of the Cincinnati Reds, is back on the stage for a few weeks doing a vaudeville turn.

Pitcher Dubuc and Catcher Rondeau of the Detroit Tigers, will compose the first genuine French battery ever formed in the major leagues.

The St. Louis Browns believe they have a star in pitcher Carl Weilman on account of his great showing during the closing weeks of last season.

Shortstop Mike Doolan, of the Phillies, has asked permission to cut the spring training trip in order to complete his studies at the dental school.

Captain Heine Wagner, of the world's champions, thinks that if the Red Sox beat the Athletics it will be another pennant for Boston next fall.

The Austin franchise in the Texas league has been purchased by George

Leidy, who has had several years experience as a manager in the Texas organization.

The Providence Club has purchased Pitcher Jensen from Detroit. He pitched for New Haven last season and was one of the stars of the Connecticut league.

President Chivington of the American Association, is out with a denial that any clubs have been given the right to invade A. A. territory. It was recently reported that the Northern League would place teams in Minneapolis and St. Paul, the Wisconsin-Illinois League would add Milwaukee to its circuit and Central League teams would play in Indianapolis and Columbus.

Mr. and Mrs. Henry Pyle and daughter of Des Moines, Iowa, are guests of Mr. and Mrs. F. F. Brydla. Mr. Pyle is president of the National Life Association and the entire party will go to southern Texas tomorrow on business for the company.

Secretary Gantt of the Commercial Club is very enthusiastic over the Muskogee meeting, and deplores the fact that Ada had no more representatives there. Besides Mr. Gantt, A. L. Kennedy and John M. Simpson represented Ada and Pontotoc county. Mr. Gantt said that the question of good roads constantly bobbed up in the proceedings and was recognized as one of the essentials of making the country more prosperous. The meeting served to call attention to the deficiencies as well as the good features of the present condition of affairs, and every man went home imbued with the idea of pushing matters in his own community to the end that better methods of business and farming may take the place of methods shown to be antiquated. At the next meeting of the club Mr. Gantt will tell more about the great gathering at Muskogee.

STATE GETS FIRST CALL ON GUARANTEE FUND

Oklahoma City, Ok., Feb. 5.—The Supreme Court held that the state is a preferred creditor until any deficiency in the bank guarantee fund is made up in an opinion by Justice Kane reversing and remanding the case from Oklahoma County of J. D. Lankford, Bank Commissioner, successor to E. B. Cockrell in possession of the Columbia Bank and Trust Company vs. the Oklahoma Engraving and Printing Company.

The latter company secured an injunction in the trial court against the Bank Commissioner to prevent him from preferring the depositors' guarantee fund over what is called a merchandise creditor. In reversing this action the Supreme Court holds that depositors are paid and guarantee fund reimbursed, after which, if any assets remain, ordinary creditors, not depositors, may share pro rata in the division of the remaining assets.

Where an insurance company relies on allegations of false statements made by the insured made in an application for insurance where no medical examination is required, the burden of showing such statements to be wilfully false rests upon the company, according to an opinion of Justice Kane in affirming two insurance cases from Oklahoma county where the companies contested the claims of Lula Owen, seeking to collect accident insurance upon a policy taken by her deceased husband. The cases are Continental Casualty Company vs. Lula Owen, affirmed and Lula Owen vs. United States Surety Company, reversed and remanded.

Questions involved in the two cases were slightly different, but in both it was claimed that false representations were made by Owen, the companies alleging that he was suffering with nephritis thirty days before the policy was issued.

The court, in another opinion by Justice Kane, reaffirmed its former holding that the 1910 fee and salary act did not affect emoluments of county officers holding at the time the law became effective. The case involving the question is Board of Commissioners of Grady County vs. M. B. Louthan, which is affirmed.

Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.

Don't Be Chained to the Hitching Post of Wearyland.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this work out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

Mr. Morgan was very fortunate this season in being able to secure the services of the talented, emotional leading lady Miss Hagen, who has been associated with some of the biggest stars and prominent Stock Organizations in the country. Last season she was the leading lady for the Milwaukee Stock Company, and she by far the very best actress that has

BOTH TOWNS CLAIM VICTORY

RESULT OF COUNTY SEAT ELECTION IN POTT, COUNTY VERY MUCH IN DOUBT.

The county seat fight in Pottawatomie county seems to have been only begun by the election held Wednesday, both Shawnee and Tecumseh claiming to have won. The vote is close and will require the official canvass by the governor to determine the result, and after that the matter will probably be thrashed out in the courts in anticipation of which both sides have engaged attorneys.

A phone message from Otis Weaver this afternoon stated that Shawnee claims to have twenty votes more than the 60 per cent required. On the other hand, Tecumseh claims to have 100 more than the 40 per cent it must have in order to hold the county seat. Tecumseh also claims that Shawnee must get a two-thirds majority to legally carry the election.

About 6,800 votes were cast, of which Shawnee has around 4,000 and Tecumseh the remaining 2,800.

OKLAHOMA CITY MAN IN MEXICAN JAIL

Oklahoma City, Feb. 5.—Imprisonment in the federal jail at Valdez, Mexico, is the latest gift of fate to Abner Davis, formerly president of the Night and Day bank here and owner of the Oklahoma City baseball teams in the Texas and Oklahoma state leagues. Davis has had an exciting time during the last few years but this seems to be his worst misfortune yet.

According to reports from Mexico, his trouble arose over some alleged irregularities in a land deal. Davis and his company purchased a large hacienda near Valdez and the former banker and baseball magnate has been there for some time. The exact nature of the charge against him has not come to light, as the Mexican government is averse to telling any more in regard to its affairs than is absolutely necessary.

At the present time Davis is facing a term in the federal prison on account of convictions of alleged misuse of the mails, his trial with a number of other operators of night and day banks having taken place at Memphis, Tenn., last fall. He was released on bond, pending a motion for a new trial.

The night and day bank here was one of the most widely advertised in the state, but was taken from Davis' control by the state banking board some time ago. Following that, he was tried in the federal court here on a charge of misrepresenting the condition of the bank, was acquitted on some of the charges and given a new trial in those under which he was convicted. His second trial is to take place here in March.

Indicted by the Oklahoma county grand jury for conspiracy to defraud, he was acquitted, as was E. L. Hendrey of the All Night and Day Bank of Memphis, who was indicted jointly with him. Neither of them was so fortunate, however, when it came to facing trial in the federal court at Memphis, where both were convicted.

University Extension Work Rapidly Growing.

One of the modern methods by which state universities serve the people of the whole state is through their extension bureaus. This work is so broad in its latitude that it includes the population of the whole state. In addition to the voluminous printed literature on subjects of vital importance to the state which is distributed gratis to those desiring it, the members of the faculties made addresses, and deliver lectures to business, social, educational, cultural clubs, etc. The State University of Oklahoma is now following the older states in this work and is rendering the state important service by such work. Calls are coming daily from all parts of the state for different members of the University faculty to deliver lectures, or for musical organizations of the institution to hold concerts in Oklahoma towns. It is the present policy of the institution to increase this important work from year to year until the benefits of the State University will reach every man, woman, boy and girl of Oklahoma.

PETITION FOR MOTOR CAR SERVICE

Harry Parks has completed the work of circulating a petition for motor car service over the Frisco to Denison. The petition was numerous signed and should convince the Frisco officials that Ada really wants the service. It will be turned over to the secretary of the commercial club and forwarded at once. Other towns along the road have already sent in similar petitions and it will probably be only a short time until it is known whether or not the road will grant the request.

Morgan Stock Company.

It is not often that Theatre patrons get to see two shows for the price of one and that price being a popular one, but they will have that opportunity next week during the engagement of The Morgan Stock Company at the City Hall opera house. Mr. Morgan has surrounded himself with some of the best actors in the profession and his company is considered the best popular price attraction in the Middle West today. The vaudeville features carried by Mr. Morgan this year far exceed any of his previous efforts and as a special extra added feature he carries a fine concert band and classic orchestra. Mr. Morgan has selected for his opening bill the successful comedy drama "An American Girl," which not only gives Mr. Morgan great opportunity, but also the entire company to display their various talents to the best advantage. This is probably one of the best cast bills in Mr. Morgan's repertoire. On the opening night one lady will be admitted free with each paid 35c ticket if bought at Ramsey's Drug Store before 6 p. m. Monday.

NORMAL NEWS.

(By Mollie Cassidy.)

The normal has had the pleasure of entertaining today the cleanest and best team of athletes who have ever been in the city. We speak of the Southwestern Normal boys' basketball team. Ada is proud of the clean team of which she has always boasted and is highly pleased to open athletic relations with Southwestern. Mr. Wiley, coach of the Southwestern team, complimented our boys very highly on their playing.

The score last night is no discouragement. E. C. N. boys are playing their first season and have more than met with the most hopeful expectations. The game tonight will be by all odds the best game of the season and Ada hopes to be able to turn the trick. However that may be you will "class" game at the Pontotoc building tonight.

Wm. Cameron has completed a Morris chair which is among the pieces of work turned out by the manual training department.

Mr. Wiley of the English department of Southwestern and coach of the boys' basketball team made an interesting talk on athletics at the assembly hour this morning.

If you are a patron of the training school, the normal would insist that you visit the training school. Any visitors will be welcome but we are especially anxious to be visited by the patrons. It will encourage your child, gratify the teacher and help you.

LYCEUM NUMBER AT NORMAL CANCELLED

Miss Sarah Mildred Willmer, the reader who was to have given the next number of the lyceum course at the normal tomorrow, evening, was in the city today, having arrived from southwest Texas, where she has been recuperating. She had cancelled all dates, except the one at Ada, and thought she would be able to meet the one here. However, during the day she felt unable to do this, and accordingly cancelled it, leaving on the afternoon train for Chicago.

This evening the public will have an opportunity of seeing a big circus in midwinter, being the Ringling show, which will be presented in four reels at the Empress. Tomorrow evening this popular amusement parlor will present The Midnight Express, which is one of the most thrilling dramas ever produced by the moving picture manufacturers. Three reels in this attraction.

The \$100 Bill is the title of a wonderful drama that will be presented this evening at the De Sota. It is one that will touch a chord in every heart. The Girl and the Inventor is a Reliance drama which will also please you. Williams & Rose are maintaining an enviable record as musical interpreters of the pictures at the De Sota.

This evening the Majestic will present another installment of Pathe's Weekly, the principal features of which will be scenes in the Balkan war. The Curio Hunter is a very funny comedy the scenes of which are laid in the cannibal islands of the south seas. Tomorrow afternoon and evening the great feature Kings of the Forest will be presented. Stockholm's Winter Games.

Stockholm, Feb. 6.—A series of competitions in sport and athletics, rivaling in interest the Olympic games held in Stockholm last summer, was inaugurated here today under the patronage of the King of Sweden. The contests, known as the Northern Games of Stockholm, will continue ten days and will be participated in by lovers of winter sports from many of the countries of Europe.

The program of the meeting includes ski-running and skating in the Olympic Stadium, which has been transformed for the occasion into an immense skating rink surrounded by an amphitheatre seating 15,000 spectators. There will also be sailing on skates and ice-yatching, field shooting military athletic competitions, prize jumping on horse-back, and trotting contests for horses, motor races and swimming competitions.

In addition to these competitions the visitors will be given opportunities to enjoy winter hunting, sleighing and steamboat trips through the ice far out to sea for the purpose of fishing in the archipelago.

CONFEDERATES MAY WEAR UNIFORMS AT GETTYSBURG

Strenuous objection was being made by a few inconsiderate persons against the Confederates being allowed to wear their gray uniforms at the Gettysburg celebration, when the Union veterans and the Confederates will meet together to do honor to a nation's valor, but Governor Tener made short work of all such littleness by declaring that to retain the true significance of the celebration those veterans of the war between the states whether they fought on one side or the other, should wear the uniform they wore in that bloody conflict which made Gettysburg possible and its name and memory historic.

The Gettysburg celebration is not to be a meeting of enemies, but a coming together of the brave soldiers of two opposing armies, whose differences were settled with the termination of the war, and those of each side are to be guests solely and entirely because of the conflict they engaged in, and it would be a meaningless celebration, robbed of much of its interest, if such a narrow policy should be adopted forbidding the Confederates to wear their uniforms.

Governor Tener and a majority of the Pennsylvania commission generously sided with the Confederates, indicating that cordiality which will make the veterans in gray feel that they are welcome on the fields of Gettysburg.

Many Stars in I. A. A. C. Games.

New York, Feb. 6.—Seldom before has an athletic meet in the metropolis attracted so many classy athletes as are entered for the annual carnival of sport of the Irish-American Athletic Club, at Madison Square Garden tonight. In addition to the cream of the athletic talent in the metropolitan district the entries include the star performers of Boston, Philadelphia and a number of other cities. Every kind of a champion is entered and in some of the events it will be champion against champion.

The 1,000-yard scratch race for the McAleenan Trophy is the big event on the program. In it such great distance runners as Melvin Sheppard, Al Kiviat, Ira Davenport, J. E. Meredith and several others, any one of whom is capable of travelling the distance near record time, are entered.

DEMONSTRATION TRAIN FEBRUARY 15

MEETING ENTHUSIASTIC RECEPTIONS EVERYWHERE ALONG THE ROUTE.

The poultry and hog special train operated by the Oklahoma Agricultural and Mechanical College and the Frisco railroad, will arrive at Ada at 1:30 p. m., Feb. 15. The train left Stillwater January 20 and spent two weeks visiting towns along Santa Fe lines before being transferred to the Frisco.

Big crowds have attended all stops of the special train. The first two weeks of the trip showed a total attendance of close to 32,000. Many towns have turned out as high as 2,000 or 2,500 persons. Much interest has been manifested in the lectures and in a number of places local poultry shows have been held in connection with the visit of the train.

The primary purpose of the train is to encourage the farmers of Oklahoma to raise more and better poultry and hogs. Special exhibits of both poultry and hogs are carried along for this purpose and small livestock is featured in the lectures. However, the work of the special train is not confined to these features. Lectures are given on topics of interest to grain farmers, domestic science lectures and demonstrations are given, and two speakers look after the interests of the boys and girls who come to the train. Exhibits that help explain the work of these other departments are to be found on the train.

Among the lecturers who will probably speak here are: W. A. Linklater, on hogs and silos; A. C. Hartenbower, farm crops; C. H. McElroy, cholera; H. A. Bittenbender, poultry; Miss Irma Mathews, domestic science; John W. Wilkinson and Miss Henrietta Kolshorn, Boys and Girls Agricultural Clubs.

Questions relating to any branch of agriculture covered by the above outlined program will be answered by the lecturers and experts on the train. At many of the towns visited, note-books have been seen in the audience and the attitude of the listener has been much like that of a student.

Fifty-one Oklahoma towns will be reached over Santa Fe and Frisco lines and about 34 towns over the M. & K. & T. lines. Two weeks each were scheduled over the Santa Fe and Frisco while the Katy trip will include eight days of work, shorter stops being made than over the other roads.

In all towns where night stops are made, illustrated lectures are given. These lectures are changed somewhat to suit the individual needs of each community. In addition to the lectures, motion picture films showing the state college at Stillwater are presented.

Sufficient lecture cars are provided on the train to comfortably seat several hundred persons. These cars are kept warm and well ventilated and in the most inclement of weather the lectures may be heard without discomfort or inconvenience. In nice weather some of the addresses are usually given in the open, the floor of a flat car being used as a lecture platform.

All lecturers and exhibits are sent out from the Oklahoma Agricultural and Mechanical College at Stillwater, while the expense of operating the train are borne by the railroads over which it travels. The college is at practically no expense in sending its representatives out to address the people of the state.

HEAVY PAYROLL BY THE M. & K. & T. ROAD

St. Louis, Mo., Feb. 6.—The payrolls of the Missouri, Kansas and Texas Railway show there are more than twenty thousand regularly listed men in the employ of the company. These employees receive a total monthly payment of over one and one-half million dollars. In addition to this large sum paid for regular labor, there are payments averaging twenty-five to fifty thousand dollars per month for special construction gangs and other extra labor. These monthly payments by the M. & K. & T. Ry. are of direct benefit to many of the towns located on its lines. The rolls of a recent month show payments as follows:

Sedalia	\$ 70,000
Parsons	160,000
Wagoner	8,000
Muskogee	17,000
McAlester	33,000
Oklahoma City	17,000
Denison	135,700

as well as a very general distribution at other points. These figures in a manner evidence the relationship of the Katy pay-roll to the business prosperity in its territory and indicate how large a contributor is the railway to the "bucket brigade."

The News is informed that the Ada compress will close this season's work on the 15th. It has had a very good run this season, and with its improved facilities for handling cotton, will probably do even better next season.
